- ) Conduct 1<sup>st</sup> and last off inspection where needed (when trained)
- ) Establish best practice and develop new inspection techniques working with Quality Control department head and section head.
- ) Ensure intermediate inspection on products is auctioned as and when required e.g INSP2 operations.
- ) Carry out inspection tasks in other areas when necessary.

## JOB CONTEXT

REQUIREMENTS TO FILL THIS POST

- ) Have an engineering and or quality background
- ) Be able to work as part of a team and under own initiative

REPORTS TO

- ) Quality Control Inspection Department Head and Section Head

## PROBATIONARY PERIOD

All employees in new jobs are required to undergo a six month probationary period, during which suitability for the position is assessed.

## HEALTH AND SAFETY

All employees are responsible for reading, understanding and carrying out the requirements of the company's Health and Safety policy and for informing a relevant person if they become aware of any non-compliance with the policy or of any identified training need.

## CONTINUAL DEVELOPMENT

The company requires individuals to identify and analyse their own training and development needs and to actively participate in the design of a development plan to meet these needs and the needs of the company. This should be achieved through the appraisal process.

Employees should recognise and take advantage of development opportunities and should periodically review their own progress towards meeting previously agreed goals.
